Dear Parents:

Welcome to Mission Neighborhood Centers, Inc.'s Mission Head Start & Child Development Programs.

Choosing a program for your child is a very important decision. We are pleased that you have selected our program for your child's early education and care. Whether you have chosen a part day program or a full day program, our goal is to collaborate with you to provide high quality early education and experiences that will support your child's development and learning.

We recognize the important role that you, as parents, play as the primary educators of your children. Therefore, in order for your child to obtain the maximum benefit from our program, your involvement and input are critical. You are encouraged to become an active participant in our program through our parent education program, classroom participation, or by serving on the Mission Head Start District Policy Committee (DPC), or MNC Board of Directors. Talk to your center director and teachers about how you can support your child's education through program participation and at home.

We value your contributions to our program. If at any time you have questions, concerns, or suggestions, please feel free to share them with your child's teacher and/or the Center Director.

The staff and I look forward to working together with you and your family.

Heidi McLaughlin

Heidi McLaughlin

Director of Children's and Family Services

"Mission Neighborhood Centers, Inc. strives to improve the quality of life in the greater Mission Community of San Francisco by providing culturally sensitive human services that both support and empower individuals and families."
